State Welfare Pay Runs 60 Million For Year Just Closed

The State Welfare Department paid out a total of almost 60 million dollars to some 95,000 aged, dependent children, blind and disabled during the fiscal year ended June 30 this year, it was disclosed Tuesday.

The report showed the federal government put up some 42 million dollars of the total, with 17 million coming from state funds, all of which was disbursed by the Welfare Department among 69,013 aged persons, 22,580 dependent children, 5,567 disabled and 2,540 blind.

The annual report showed that the number of recipients remained fairly stable during the year with the exception of those listed as disabled, a new category which grew from 3,025 recipients June 30 of last year to 5,567 this year. (continued on page 8)

Devils Eke Out Win Over Belle Glade

The Blue Devils brought the Bill Young Memorial Trophy back to Pahokee Friday night after defeating the Belle Glade Golden Rams, 6-0, in a tight defensive game that almost ended in a scoreless tie.

Near the end of the fourth quarter with only three minutes left in the game the Blue Devils were finally able to score when Fullback Richard Weeks rammed his way through a tough defensive line of Rams from three yards out for the TD. The pass attempt for the extra point failed. Quarterback Richard Shackford's long punts were an outstanding feature of the game.

The Rams' chief threat came in the first quarter when they reached the Pahokee three-yard line but were unable to overcome a penalty that set them back.

Team sponsors for the Blue Devils were Faith Sasser and Virginia Culberson, for the Golden Rams, Naomi Ford, Jeanette Buss and Cline Faulk.

The fourteen Seniors who were playing in their last game of high school football for Pahokee High School were Richard Weeks, Robbie Walker, Wayne Unwin, Dale Stacy, Fred Spires, Wayne Sears, Richard Phillips, Bobby Mobley, Glen LeVina, Earl Kelly, James Hall, Jim Eagle, Eugene Crews and Glen Blanton.

There were 16 Seniors, headed by Captain Jack Hamilton and Alternate Captains Phil Grant and Billy Abel, in the Rams' squad.

Pahokee ended the season at fifth place in the Suncoast Conference standing with a 4-3-0 conference record and 5-4-0 for all games. Belle Glade's 0-6-0 record put the Rams in the conference cellar for the 1957 season. Their overall record was 1-9-0.

Civic Clubs Hear Our Congressman

The Pahokee Rotary and Lions Clubs met jointly at a luncheon in the Community Building at Canal Point Tuesday to hear a talk by Congressman Paul Rogers of West Palm Beach.

Introduced by Rupert Mock, a member of the Lions Club, the speaker reviewed the government's missile program, stating that he felt certain the United States would be in a much better position today in the missile race with Russia if the program had been carried out under a unified plan by a central authority instead of letting the Army, Navy and Air Force each develop its on missile program which has resulted in a duplication of effort and a waste of funds as well as a lag in achievement as compared to the Soviets.

Rep Rogers also told club members that he is opposed to federal aid in education as such might jeopardize state rights. He was outspoken for the retention of state rights as a safeguard for democracy.

Girl Is Critical After Car Injury

Joyce Richmond, 13-year-old daughter of Mrs. Madeline Richmond, of the Pahokee Farm Labor Supply Center, is reported to still be in a critical condition at the Everglades Memorial Hospital from injuries received when she was struck by a car near Snyder's Grocery on US 441 at 3:30 p. m. Tuesday.

Hereford Bulls To Be Sold Tomorrow At Glades Market

The largest sale of registered bulls ever held in South Florida is scheduled for this coming Saturday, December 7th at the Glades Livestock Market.

93 registered Hereford bulls will be auctioned off at the Glades Livestock Market, starting at 1:30 p. m., in a sale which will also be the first Graded Bull Sale ever held in this part of Florida.

Sale is co-sponsored by the Florida Hereford Association and the Southwest Florida Cattlemen's Association Council, and the bulls are to be graded "A", "B", "C" (or reject) by a committee of commercial cattlemen appointed by the latter group, which represents cattlemen's associations in Glades, Hendry, Collier, Lee and Charlotte Counties.

Outdoor Court For Pahokee Netters

The Pahokee High Blue Devil basketball teams, which have been handicapped in the past with an undersized court, are facing even greater odds this winter as they will have to go through the season without the facilities of an indoor court for practice sessions, since the fire last month left the court in the old gymnasium useless.

Work on the new gym was started this week but it will not be completed in time for use this season. The Blue Devils started practice on the outdoor courts on Monday with Coach, Bill Howard again coaching the A team and Coach Web Pell, the B team.

Howard has only eight men on this year's A team, including two letter men, Jim Eagle and Richard Phillips, both guards, returning from last year's team. Players moving up from last year's B team include Alvy Early, forward, George McElhenry, forward, Richard Shackford, center, Sonny Folds, Donald Thompson and Johnny Yeomans.

All of Pahokee's home basketball games will be played this season in the Belle Glade gymnasium. The opener with McArthur High School of Fort Lauderdale will be a home game at the Belle Glade gym. The complete schedule of games will be announced as soon as details can be worked out so that Pahokee's home games will not conflict with those of the Belle Glade Rams.

Cinematic Chat

By Malcolm Miller

Hello everybody! If past experience is any criterion of success, Nat "King" Cole should be a huge success in motion pictures. His first dramatic role has set him on the right rung on the "success" ladder and we look for him to reach the top in nothing flat. This "screen first" brings to mind his "night club first" in 1938. At that time the top ranking singer and piano player sang as the member of a trio—The King Cole Trio—and never uttered a note on his own, unless he was singing "Alone And Far Away." When the trio opened at the Swanee Inn in Los Angeles, a tipping customer insisted that Nat sing "Sweet Lorraine." Nat turned from his piano, indicated his bass viol and guitar-playing partners and said: "This is an instrumental trio. We never sing or play solos. The customer got the manager and the manager got persuasive. Nat sang "Sweet Lorraine" and the rich, tender quality of his voice floated out over the noisy, smoked-filled club, stilling every sound, and filling the place with magic enchantment. A stunned silence followed his performance. When the applause broke it was like the box barrage from a battery of six-inch guns. Nat King Cole was in and a new star sparkled in the firmament of show business. See you at the movies.

ORLANDO—Grocery stores in at least three Florida cities have cut milk prices as much as 16 cents a half gallon. The retailers acted soon after the Florida State Milk Commission ordered all wholesale and retail price controls abandoned Dec. 15.

The Big Apple Supermarket in Orlando cut the price of pasteurized milk to 25 cent a quart and that of homogenized to 26. Jax Meat Supermarket of Jacksonville announced a cut to 20 cents a quart and to 39 cents a half gallon for pasteurized—21 and 41 cents for homogenized.

Gulf Supermarkets in Tampa cut half gallons to 39 cents, 16 cents below the regular price.

Pick your savings target and shoot straight for it!

A home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4448.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

Private Colleges On The Way Out, Says Dr. James Cope

TAMPA—A Florida junior college president says private colleges in the United States are doomed unless businessmen help them financially.

Dr. James Cope, president of Florida Christian College at near-by Temple Terrace, said state-supported colleges can always ask for more tax funds but private colleges "have no legislators with whom they can lobby for tax money" to meet rising costs of operation.

When private colleges go slowly dry, Dr. Cope continued, industry and business in the area are the direct sufferers. Dr. Cope than asked Tampa businessmen to spearhead a drive to raise one million dollars for a permanent endowment of Florida Christian College.

Florida Christian is non-demonstrational but specializes in religious instruction.

Mrs. Padgett Heads Pahokee Society

Mrs. Duncan Padgett was elected president of the Pahokee Methodist Woman's Society of Christian Service at the December meeting held at the church Monday evening. Mrs. Padgett, who has been serving as WSCS vice president, replaces Mrs. Edward A. Jensen who resigned as president because of ill health. Mrs. Claud Morgan was elected vice president to fill the office vacated by Mrs. Padgett. The group voted a cash contribution to go toward the purchase of silverware in the furnishing of the new parsonage for missionaries and deaconesses in North Carolina. It was reported offerings for missions totaled \$48.55 during the WSCS week of prayer observance. The Gertrude Shirley Circle, Mrs. O. D. Christian Science Group Of Canal Point

The source of true wisdom and intelligence will be set forth at Christian Science services Sunday in the Lesson-Sermon entitled "God the Only Cause and Creator." Scriptural passages will include the following from Psalms (104): "O Lord, how manifold are thy works! in wisdom hast thou made them all: the earth is full of thy riches."

Selection to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (275-14): "All substance, intelligence, wisdom, being, immortality, cause, and effect belong to God. These are His attributes, the eternal manifestations of the infinite divine Principle, Love. No wisdom is wise but His wisdom; no truth is true, no love is lovely, no life is Life but the divine; no good is, but the good God bestows."

The Golden Text is from Hebrews (3:4) "Every house is built by some man, but he that built all things is God."

Sorority Planning Christmas Gifts

Members of the Xi Alpha Mu, Beta Sigma Phi Sorority at the November meeting held at the home of Mrs. T. W. Knight completed plans to send a box of Christmas gifts to the patients at the State Hospital in Chatahoochee, the gifts to be received by Mrs. R. F. Long by Dec. 5 for packing. Plans were also announced for a Christmas decorations contest among members of the chapter.

It was voted to support the national sorority's proposed project in cystic fibrosis research work, also to purchase a Christmas seal bond from the Tuberculosis and Health Association.

Mrs. John A. Dulany was conferred a membership-at-large. Leaves of absence were granted to Mrs. Manning I. Keen and Mrs. E. J. Graham. Colored slides of bird paintings and the work of Augubon were shown by Mrs. J. G. Thomas, Jr. Mrs. Knight conducted a "Who Am I?" quiz. Mrs. William Plumer and Mrs. Kyle Scott were winners of a "Nature" quiz conducted by Mrs. Norman A. Kennedy.

Flood Program Is Viewed By Visitors

Visiting Congressmen returned to their home states this week with a new appreciation for the works of the Central and Southern Florida Flood Control District.

Two members of the House Appropriations Committee, Representatives Ivor D. Fenton (R-Pennsylvania) and Hamer H. Budge (R-Idaho) and Mrs. Frances P. Bolton (R-Ohio) of the Foreign Affairs Committee were guests of local Representative Paul G. Rogers, Colonel Paul D. Troxler, District Engineer, and the Flood Control District on an extensive inspection tour of the FCD works.

The Congressional party saw among other works the three additional pump stations put in service during 1957 in the Everglades Agricultural Area. They learned that these stations on the Hillsboro Canal and on Lake Okeechobee outlets to the Hillsboro and Miami Canals substantially reduced flood damages when heavy rains fell in the area last January. It was apparent to the group that works designed and constructed by the Corps of Engineers and maintained and operated by the Flood Control District are more than paying their own way in affording protection to lives and property in the area.

The group came at a critical time in Flood Control District history. Until a Rivers and Harbors and Flood Control Act becomes law, the FCD is without authorization to have funds appropriated to it for vital works. At the present time, the Senate has passed a bill authorizing \$40 million in additional funds to this project, but the House has yet to approve a like measure.

Meanwhile, a deficiency appropriation will be requested early in the next session of Congress to initiate vital works in the Lake Istokopos and North West shore area. It is anticipated that work on the Kissimmee River and its tributary lakes can begin upon receipt of an adequate appropriation for the Fiscal Year beginning next June.

Methodists Renew Church Interior

The work of renovating and redecorating the interior of the First Methodist Church sanctuary is now in progress under the direction of G. F. (Bill) Kincaid.

The work includes the painting of the walls and ceiling, the resanding and varnishing of floors and pews. New carpeting will be laid in the aisles and at the altar, members of the Woman's Society of Christian Service to be responsible for replacing the carpets.

On the special church committee in charge of this project are John D. Rogers, Mrs. Lewis Friend, Mrs. H. J. Anderson and Mrs. J. V. Thomas.

Hurricane Hunter Program Will Be Continued In '58

Congressman Paul Rogers announced today that the Hurricane Research Project in West Palm Beach would definitely be continued through October 1958. The Congressman was advised by the Department of the Air Force, by telephone today that a decision had been reached where the necessary funds would be made available for the continuing of the Eastern Sea-board and Gulf states urging that the program be continued.

When the announcement was first made that this project would be discontinued at the end of the current season Congressman Rogers immediately contacted the Secretary of the Air Force, the Secretary of Commerce, Sinclair Weeks; Director of the Budget, Percival Brundage, and some thirty Congressmen along the Eastern Seaboard with the Weather Bureau for the carrying out of this research project.

Since 50 percent to 70 percent of the research has been completed, the Congressman stated that to stop the project now would be a waste of money already expended.

Representative Rogers expressed his pleasure over the continuation of the project and the cooperation of the Budget and the Department of Defense and Commerce.

The Air Force stated "the hurricane research project has been thoroughly reviewed by the Department of Defense. Due to the importance of hurricane research to the nation, the Air Force will continue to provide flight service for an additional year, that is, through October 1958. The Department of Defense will finance the out-of-pocket costs for this flight service. If additional hurricane flight exploration is required after that date other funding arrangements will be necessary."

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.57 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

**If you want to be paid
your interest as current income—
invest in 3% Series H**

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.

Now even better! Invest more in Savings Bonds!
